INTERPRETATION: style/tempo - dynamic control - rhythmic accuracy - articulation - phrasing

TECHNIC: tone - facility GENERAL MUSICAL ACHIEVEMENTS: artistic maturity STAGE PRESENCE

Bach - You immediately displayed good taste in Baroque style - appropriate use of pedal & firm even finger control. Perhaps a bit more dynamic changes would have been even more interesting.

Chopin - You played with such vigor & energy. I think Mr. Chopin would ~~have~~ loved to have heard you play.

I enjoyed your performance of the 2 pieces very much. You are a very talented young pianist with much promise in the future. Congratulations to you and your teacher. Your teacher has guided you superbly. Hats off to him or her!
